PERMANENT UNIVERSITY FUND

Beneficiaries of the Fund

The Permanent University Fund (PUF) is a public endowment contributing to the support of institutions of The University of Texas System (UT System) and the Texas A&M University System (A&M System). The Constitution of 1876 established the PUF through the appropriation of land grants previously given to The University of Texas plus one million acres. Additional land grants to the PUF were completed in 1883 with the contribution of another one million acres. Today the PUF contains 2.1 million acres located in 24 counties primarily in West Texas.

Responsibility and Management of the Fund

The State Constitution vests fiduciary responsibility for the PUF with the Board of Regents of The University of Texas System. The Board has entered into a contract with a nonprofit corporation, The University of Texas Investment Management Company (UTIMCO), for UTIMCO to invest funds under the control and management of the Board. UTIMCO may not engage in any business other than investing funds designated by the Board under the contract. Specific investment decisions are handled by the investment staff as well as unaffiliated investment managers who are employed from time to time.

Investment Objectives

The Primary investment objective of the PUF shall be to maximize investment returns within the risk parameters specified in the Policy Statement without regard to the distribution rate. Investment returns are expressed net of all investment-related expenses.

Market Value and Book Value of the PUF

On June 30, 2016 the market value and book value of the PUF was \$17.3 billion and \$15.2 billion, respectively, exclusive of land acreage.
